

Semi-Automatic Side Strapping Machine in Stainless Steel

Semi-Automatic Side Strapping Machine in Stainless Steel

- ▶ Designed for humid environments as fishing, meat, poultry and agricultural processing industries.
- ▶ Perfect for medium or low volume operations, as well as a support tool off the assembly line.
- ▶ The surface covers and some head pieces are built with SUS-304 stainless steel.
- ▶ Quick, easy to operate and easy to maintain.
- ▶ Quality tested throughout many years in the market.

What are its benefits compared to Manual Steel Strapping?

- ▶ Seals are not required.
- ▶ Speeds up the process: an operator will be able to strap 18–20 boxes per minute depending on their size and expertise (a strap per box).
- ▶ Allows the use of a 9 mm wide strap (with 33% more meters per roll), reducing interruptions during the process. This also results in a lower cost per meter, reducing the total strapping cost.

Standard Technical Specifications*

Head Position	Side Strapping
Electrical Specifications	220 V · 50 Hz · 1 PH
Controller	Standard
Strapping Speed	3.0 s per cycle (50 Hz) 9 to 13 units per minute**
Strap Characteristics	Width: 6 mm ~ 12 mm
Dimensions Width × Depth × Height	Machine: 675 × 1,045 × 1,625 mm
Tension Range	15 ~ 45 kg
Working Height	420 ~ 770 mm
Minimum Strapping Size	20 mm wide and 130 mm high
Maximum Strapping Size	N/A
Maximum Load	50 kg
Diameter of Strapping Reel Core	Standard (200 mm)
Net Weight	125 kg
Power Supply	0.25 kW
Washable	Yes (stainless steel cover and head pieces)

* Approximate dimensions and weight. Tolerance: ± 5%.

** Depending on the size of the package and the operator's expertise.

¿Why choose Marienberg?

ISO 9001:2015

BUREAU VERITAS
Certification

- ▶ First-class service that will find solutions tailored to your needs.
- ▶ Robust, durable industrial products, widely and successfully tested in the market and throughout our history.
- ▶ Our high-capacity production factory allows us to be flexible and adjust to the clients' requirements requirements in delivery time, quantity and quality.
- ▶ Our strict process control system ensures high quality production results.
- ▶ For over 80 years, family owned and operated Chilean company with global reach and world-renowned products.
